COMPANY PROFILE

Amaz Group is an international enterprise integrating design, R&D, and manufacturing of electric two-wheelers and three-wheelers. We offer high-quality Amaz-branded EVs and professional OEM services.

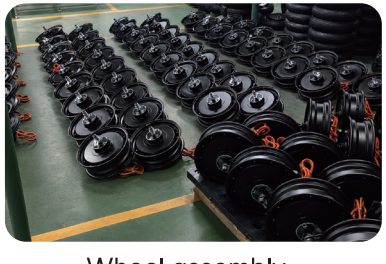

Founded in 2000, our main overseas brands include T&B, BOSS DIGITAL, and now AMAZ . We focus on electric motorcycles, e-bikes, and e-tricycles for both individual and commercial users.

As a group with seven subsidiaries, we employ over 1,500 people, including 30 engineers in electric drive, battery management, chassis, and vehicle control. We develop 5 new EV models per month. Our 80,000 m^2 production base has a monthly capacity of over 30,000 vehi-

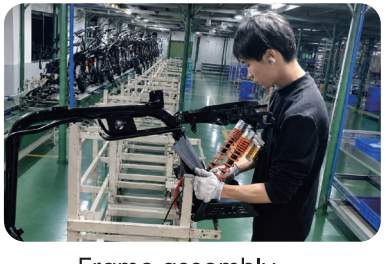

We strictly implement ISO9001 and hold certifications including CE, RoHS, FCC, and UL. Our EVs are built for rough roads, with high durability, strong load capacity, and low maintenance costs.

After more than 26 years, we have a wide customer network across Africa, Asia, Europe, and the Americas. AMAZ are sold in over 180 countries, with 35 exclusive distributors worldwide.
